

Endorsement for Treasurer/Tax Collector Sean Coppola

The importance of a well-run County treasury and effective, efficient tax collection cannot be overstated. The Treasurer/Tax Collector manages over \$1 billion in funds. Managing this huge amount requires someone with the skills, knowledge and experience necessary to understand the law, manage the office and be a responsible steward.

Having served as County Assessor for three terms, I know this well. I also know that other local governments, special districts, small fire departments, road funds, all use the county Treasury services and depend on a qualified Treasurer/Tax Collector.

After reviewing the qualifications of the two candidates for Treasurer/Tax Collector, I am certain that Sean Coppola is the best and most qualified candidate. He is the current Treasurer/Tax Collector. He is a certified treasury professional, well trained; and has the experience to serve this county and the taxpayers. He knows this county, grew up here, lives here, works here.

Please join me in electing Sean Coppola Treasurer/Tax Collector on June 2nd 2026.

Karl Weiland, Retired
El Dorado County Assessor 2011-2022
